A Quarter-Million Dollar Jackpot Hits at Eastside Cannery Casino
Pai Gow progressive jackpot at the Cannery Casino Resorts property hits for \$253,964

LAS VEGAS – A \$253,964 Pai Gow progressive hit at Eastside Cannery Casino Hotel, a Cannery Casino Resorts, LLC. (CCR) property in Nevada. The Pai Gow progressive is the second highest jackpot ever to hit at a CCR property for this game.

The winner, who wishes to remain anonymous, hit with a 7-card straight flush (image attached).

The previous largest jackpot for this game was for \$260,682, also at Eastside Cannery in 2012. It also was the first jackpot after the Pai Gow progressive was linked across both properties that same year. The multi-property feature allows the jackpot to increase in value at an accelerated rate and offers large jackpots.
